Dear Friends,

As you are aware, we have taken lot of project reforms under JNNURM Phase-I. Projects were of different sectors and of different sizes of cities and reforms such as Administrative, Financial, Structural have gone a long way in improving urban governance. This has all been a result of efforts of State governments and Local Bodies.

2. **The Mission Directorate would like to keep a two days' workshop on Learning from each other and the best practices in any of the areas of the JNNURM Phase-I.** I would request you to give your proposal in sharing experiences with us and the specific area you would like to share which can be of use to others. As the Directorate wants to schedule the Workshop sometime in April, 2012, I would request your response at an early date.

With regards,

Yours sincerely,
